

MEMORANDUM

To: City Council Members
Mike Rennels, Mayor

FROM: Darrin Boyer
Water Reclamation Facility

DATE: June 7, 2021

RE: Sewer Cleaning (Corri Ln. S1-69 to S1-68)

Late October of 2020, we started collection system maintenance with the newly purchased Vac-Truck. Our very first line worked on is described above.

Prior to work taking place, I met with Nate Bullard regarding potential sewer backups. Our very first line cleaned with the nozzle that came with the truck, we had an incident. A homeowner came running from their residents very upset regarding the backing up of a toilet. I told the resident to have the area cleaned by a licensed contractor and the city would reimburse for the cost. This is what I was instructed to do. The resident seemed Ok with my response and we moved on.

Contract is for all Labor, and Materials':

Notice of payment due:

Total amount of \$3,850.00 Due immediately

Work Performed: . Forman on duty approved work to be done.

Bio-Remediation back splash due to the city using extremely high air pressure to clean out the sewage lines caused my clients basement toilet to spray fecal matter and urine all over the bathroom walls, ceiling, and contents inside.

Remove and disinfecting of the dresser, clothing, shower curtain (off site). Returning the items as needed. Contents such as Q-tips, tooth brushes, toilet paper etc. were all disposed of.

Disinfecting all the walls, shower, bench seat, built in cabinets, ceiling, soffit bays, vanity, window sill and window itself.

Payments are as follows...

\$3,850.00 Due immediately

Checks are made payable to Joseph Salsbery LLC
