

Lakewood Street Light Pole Base Painting Quote

Cryder Enterprises - 2676 Caton Farm Rd, Minooka, Illinois

Would like to do a pilot program to see how we like the product and finished product.

Hoping to get it done this fall still if supplies are available.

There is no warranties to this type of repairs due to nature of existing issue, but they have done similar repairs for other municipalities and some are at a 10 year cycle still in satisfactory condition.

Would like to do 1 full day of work.

Can do approximately 40 pole bases in 1 work day.

Cost will be \$100 per pole base.

Total cost would be \$4000 for this pilot program.
